AS N.F. BY-ELECTION VOTES PILE UP...

ISSUE No. 6

LABOUR WILL TRY TO BAN N.F. BEFORE GENERAL ELECTION

NATIONAL FRONT
53, Greencroft Towers,
Felling, Gateshead 10-

MILLIONS OF PEOPLE HAVE BEEN CONNED BY THE MASS MEDIA INTO THINKING THAT THE "WAR" WHICH THE LABOUR PARTY DECLARED ON THE NATIONAL FRONT THIS AUTUMN SIMPLY AMOUNTS TO A PROPAGANDA BARRAGE OF MEETINGS, MARCHES, PARTY POLITICAL BROADCASTS AND SPECIAL LEAFLETS.

While the Labour anti-NF campaign does include such normal campaigning activities, they are only a facade behind which Labour's REAL campaign, of a type totally alien to British democracy, is being conducted.

Labour's campaign is a campaign of suppression, intimidation and violence, not of "debate and refutation".

The bullies who control the Labour Party have evolved an elaborate scheme whereby the facilities which government departments, local Councils, and other 'public' bodies grant to every other political party are denied to the National Front.

They hope that the cumulative effect of thousands of local bans, secretly co-ordinated on a national basis, will have essentially the same impact on the NF's capacity to function as a prohibition by Act of Parliament.

SHAM DEMOCRACY

To maintain the sham of democracy the tyrants will not legislate to deny the NF's right to exist. They simply use behind-the-scenes influence to stifle its ability to function.

A fundamental right in any true democracy is the Right of Assembly. That right is being systematically denied to the NF by almost all local Councils which are Labour controlled.

This was brought about not by means of a directive from any government Ministry, but at the behest of the Labour National Executive Committee which circularised instructions to local Labour officials!

Nearly all the Borough Councils in the Greater London area are Labour controlled. Of these Labour controlled boroughs only Newham will still entertain NF hall bookings.

CALLING CANDIDATES

Would those NF members who have not been selected by Branches or Groups of the party to stand as candidates in the next General Election, but who wish to be considered as candidates, please inform NF Head Office in writing, supplying their personal details

This November Camden Council banned the NF from using "any Council facility whatsoever" and threatened action against any body in any way subsidised by the Council which rented any facility to the party!

The NF is likewise banned or "administratively impeded" from hiring halls in Leicester and Bradford (where the NF last May won, respectively, 43,000 and 10,000 votes); and numerous other places where NF candidates attract growing support.

Election Law enables NF candidates to beat the ban between Nomination Day and Polling Day (two weeks!) . . . but their opponents have had access to the same facilities for 52 weeks!

Hundreds of NF candidates, thousands of NF members and hundreds of thousands of NF voters are *Ratepayers*. The Law obliges them, under pain of imprisonment, to pay rates which are used to maintain facilities which they alone are forbidden to use!

Surely this situation outrages all concepts of Natural Justice and democracy?

In October the Labour Party in Cornwall failed to get an NF booking of a public hall banned. In a bid to stifle the formation of Bodmin NF Group they called in the nearest International Socialist branch (Exeter University - 70 miles away!) to "demonstrate".

They also announced in the local press that they had arranged for all persons attending the NF meeting to be photographed "for future reference".

Leftists on one local Cornish newspaper are campaigning to get Bodmin NF Group Organiser Nigel Hedger, 22, sacked from North Cornwall Council Housing Department because he gave his office phone number on a bulletin to the local press!

NF trade unionists who get

elected as Shop Stewards or Trades Council delegates are hounded by their union leaders and Trades Council Leftists. Currently being bullied are Nigel Munson (N.U.J.) Thanet; Alan Holmes (T.G.W.U.) Gt. Yarmouth; and Bill Fitt (T.G.W.U.) Norwich.

BRICK LANE BATTLE

Independent newsagents in Tooting, South London, and Hemel Hempstead, Herts, have been threatened recently by Trades Council spokesmen with "demonstrations" unless they stop selling NF News.

On Sunday 6th November Ian Mikardo, M.P., the Zionist-Marxist Labour National Executive Committee member, led a rabble of Asians, Trotskyites, Labourites and Zionists through Brick Lane Market, Bethnal Green, East London, where NF News sellers do a brisk trade.

At what seems to have been a pre-arranged signal armed thugs broke from the column and hurled themselves at the NF News salesmen, their customers and Policemen, injuring many.

More serious than this violence is the threat by leaders of the TV technicians union (A.C.T.T.) to order their members to "pull the plug out" on NF party political broadcasts at the next General Election.

The powerful ultra-Left faction in the National Union of Journalists is seeking an N.U.J. order forbidding its members to refer to the NF during the General Election.

By all these tactics, and by implementation of the new Race Relations Act, the Labour gang hope to impose a *de facto* ban on the NF.

The Labour tyrants will fail. Come what may, NF candidates will stand at the next General Election by the hundred. They will not mince their words.

Our progress will "provoke" the Labour bullies to become ever more crass in their attempts to destroy our young party until their folly leads them to destruction at the hands of an outraged British public.

THE PRESS HAS DESCRIBED THIS NEW NF POSTER AS "HORRIFIC". We say the problem it illustrates is horrific. Truth told with passion will inevitably upset the effete who exist on a diet of lies. The howls of protest this poster has evoked have justified its production. Send a sample to your local newspaper editor! Samples (4p + 6½p post) and bulk supply rates from NF Head Office.

50,000 march against unemployment — 10,000 march against 'racism'

DURING November the Labour Party and T.U.C. organised two demonstrations in London.

One was set for the 17th and was a protest against unemployment. The other was set for the 21st and was against "racism".

The anti-unemployment demonstration attracted 50,000 people — mostly genuine British workers. As a demonstration, it was a success.

The anti-"racism" demonstration, by comparison, was an embarrassing flop. Even the pro-Labour *Daily Mirror* had to report only 10,000 people supported it.

Less than half the anti-"racist" marchers were British workers. The majority were a hideous rag-bag of Immigrants, Reds, cranks and Zionists.

The message is clear: the British people want more jobs, not more Immigrants!

Sauce for the gander

IN the service of anti-White and anti-British causes Left Wing press commentators have often declared: "People only resort to terrorism out of frustration and desperation caused by the suppression of their democratic rights by an oppressive Establishment".

If this is true, then one wonders why the Zionist and Marxist aliens who are the inspirators of Labour's "war" on the National Front have disregarded this fact.

Do they think that if they can push through "Laws" to inhibit our freedom of speech; get us banned from every hall in the country; encourage Red mobs to attack our meetings, our candidates, our newspaper sellers — and prime corrupt journalists to spew out defamations against us, that British Nationalists will give up their struggle?

This paper, and the National Front, exist to promote the cause of British Nationalism by lawful, traditional and political means. Whether other people, outside our ranks, will feel compelled to advance that cause by other means will be determined by the Establishment.

The bulletin to all Constabularies issued from the Home Office this Summer instructing the Police to arrest and prosecute NF activists on the slightest pretext indicates turbulent times ahead.

Crazed savages bring chaos to Mozambique

MOZAMBIQUE after the advent of Black Majority Rule has become a madhouse. The basic rudiments of organised society have almost totally collapsed.

This is the report of Joel Quintana, a 64 year old refugee from the former Portuguese colony. He lived and worked in Mozambique since 1922, but the Communist Blacks who now rule the country are so insane that he counts himself lucky to have escaped with his life.

This is Mr. Quintana's description of what life is like in Mozambique, given in an interview published in the *Rhodesia Herald* of 22nd October:—

Food is scarce and shops are empty. Many Africans are starving and robbery is rife. The few Portuguese who have remained because they have their life savings invested there are stranded. They have no money for fares back to Portugal and they cannot pay Government taxes on their property.

Go into a branch of the Standard Totta Bank and where there used to be 12 Europeans you now find two Africans and maybe one European manager. Stores and business houses are closed.

If you are ill and need a doctor you have a problem. No doctor will come to your house. You have to go to the hospital and join a queue of 200 people. There you are told: 'Come back in three weeks'. They say they have these 22 doctors from Red China — but I haven't seen them.

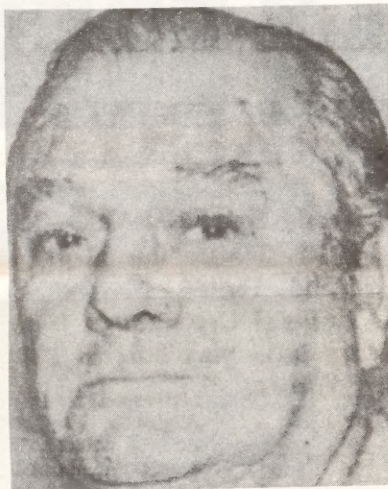

Samora Machel

Tough going for NF in Cambridge

IT has been tough going for NF candidate Jeremy Wotherspoon, NF candidate in the Cambridge Parliamentary by-election (current as we go to press).

None-the-less, with the help of a very small local team led by Agent Oscar Bloor, and occasional help from far distant NF units, a big meeting was held and a former Labour Councillor recruited — both of which incidents won local publicity.

London, Herts, Beds, Norfolk and Peterborough units helped the local team to achieve the complete leafletting of the whole constituency to supplement the 51,000 posted election addresses. Result and analysis in next issue.

Most of Mozambique's large Chinese community have gone. Even Goanese and the Indians have gone back to India.

(N.B.: The Indian Government took them in without any quibble, and would have taken back the Ugandan Asians as well but the last Conservative Government was determined to bring them to Britain! — Editor)

The Samora Machel Government promised every African a house — but all that has been put up are shanties and huts.

There is only one newspaper in Beira. It contains no news, only political propaganda and announcements of new laws. There are signs up: 'Drunkenness is Forbidden!'

The Post Office has not issued accounts for the last six months because there is nobody to do the accounts. There are no electricians, no engineers — no technical people. They are all gone.

MEET THE STAFF

NOW that *National Front News* has established itself as the fastest-growing British Nationalist newspaper since the last war, the NF National Directorate has confirmed the appointment of Martin Webster as Editor.

Richard Verrall, like Mr. Webster a member of the Executive Council of the NF National Directorate, has accepted Mr. Webster's invitation to be Assistant Editor.

Mr. Webster, 33, has been active in Nationalist politics ever since, as a 17 year old, he was driven out of the Young Conservatives on account of his pro-British views.

He progressed through the League of Empire Loyalists, the National Socialist Movement, the Greater Britain Movement and a period of organisational independence before joining the National Front in 1969. He became the NF National Activities Organiser in 1970.

Before full-time politics Mr. Webster was a journalist and then a bookseller.

Richard Verrall, 28, came into full-time politics immediately after obtaining

HOW DID THIS PEANUT VENDOR BECOME PRESIDENT?

HOW DID JIMMY CARTER, small-time politician and peanut farmer from Georgia, whom many Southerners believe is simple-minded, become President of the United States?

The answer to that question is BIG MONEY. The ruling power in America is not the Congress or the White House; it is International Finance, which wields power through the Wall St. banks, the foundations and through organisations like the Council on Foreign Relations which are financed by the bankers and produce all the unelected government officials and advisers.

The real powers-that-be are wealthy financiers like the Rockefellers (who used to employ Henry Kissinger), and the Zionist bankers of Rothschilds, Lehmans, Warburgs and the rest. As the American Armed Forces Chief General George Brown stated recently, the Zionist lobby runs America. Getting places in politics means keeping in with the Zionist lobby.

These are the men whose patronage can raise people from being political nobodies to Presidents — people like Jimmy Carter, for instance.

Lawrence Stern of the *Washington Post* tells us that: "Until 1973, Carter's credentials in foreign policy matters were limited... Late in the fall of 1973, he was invited to dine in London with David Rockefeller of the Chase Manhattan Bank during one of his trade promotion visits. Rockefeller, with the help of Zbigniew Brzezinski, was then establishing the Trilateral Commission."

The Trilateral Commission is one of the agencies through which the bankers wield their power, and through which they aim to create first a world economic merger, then a World Government.

ZIONIST ADVISERS

Jimmy Carter was picked to join the Commission — as well as to be their Democratic party front man for President. One of Carter's chief aides, Peter Bourne, says that as early as 1970 Rockefeller and Brzezinski "immediately agreed that Carter was the ideal politician to build on."

Polish-born Brzezinski is said to have used the Trilateral Commission to launch a project, "the most brilliant, the most unthinkable of all, to create a magnificent political robot and point it straight into the White House. This superb creation would be — Jimmy Carter". Big money then poured into the Carter campaign. The peanut farmer was taken along to all the One-World Government planning agencies controlled by the bankers for foreign policy lessons. He went to the Council on Foreign Relations (president, David Rockefeller), and to the Brookings Institution.

And on the way he was provided with a bevy of those Zionist advisers essential to those who aspire to the top in politics — Lawrence Klein, C. Fred Bergsten, Jerome Cohen, Ruth Morgenthau, Alvin Weinberg, Joseph Pechman, Frank Manciewicz

U.S. President-elect Jimmy Carter campaigning for the Zionist vote

and many more.

Jimmy Carter had arrived. And to prove to his masters that he was one of their boys, he gave a lecture to the Council on Foreign Relations in Chicago about the need for a World Government!

Jimmy Carter, all things to all men, is the typical plastic political robot, a complete stooge of the Money Power that rules America and the Western world. Ford & Kissinger are out, Carter & Brzezinski are in — AND THE BANKERS STILL RULE O.K.

New NF education policy booklet provokes debate

YET another sign that the National Front view on current issues is a matter of growing public interest was seen this October when the NF Policy Committee published the latest title in the series of NF policy booklets: *Education for National Survival*.

For the first time ever on the publication of an NF policy document, the new booklet was given serious review attention in a number of publications including the *Yorkshire Post* and the *Times Educational Supplement*. Bodies like the Board of Deputies of British Jews thought the booklet important enough to buy two copies.

The booklet, attractively produced and well illustrated, was prepared by a panel comprising a Middle School teacher, a Secondary School art teacher, a college law lecturer and two parent-graduates.

In their introduction they say: "It is not the purpose of this pamphlet to give a detailed account of the administration or curricula that we would like to see introduced into British education... we are concerned with broad paths of education and the sort of society and citizen we wish to have... we are concerned with values and aims."

Among the controversial proposals which attracted Press attention were:

Give parents with children at a particular school the right to vote to get rid of hard-core Marxist teachers or teachers having any other pernicious influence on their children.

Provide Immigrant children with separate education facilities from British children until they, along with their parents, can be repatriated.

Introducing George Marks

BEHIND the two Establishment parties, Tory and Labour, there are the shadowy big money boys who provide the cash. That's how party politics works today. That's why these parties obey their paymasters instead of the wishes of ordinary people.

The Liberals are no exception — though they pretend they are. Backing the Liberal party is the mysterious Mr. George Marks, a millionaire who prefers to call himself George Marcs de Chabris. He has also called himself the Duke de Vatan, Baron de Mornay and His Serene Highness.

Canadian-born Mr. Marks has given the Liberal party around £10,000 and has provided them with the best political offices in London — after buying the remaining 52 years of the lease of Whitehall Place from the National Liberal Club, wiping out their debts of £60,000 and becoming the sole proprietor.

Mr. Marks says he represents "an international group of wealthy individuals promoting Liberalism throughout the world". We always suspected such a group existed!

Mr. Marks is a shady character, but as he explains: "I never expose myself to view. I was in the banking business — and you don't push your neck out. We play what you over here call a low profile."

One of his earlier business ventures, the City & Suburban Building Society, was ordered to cease trading in 1975 after investigations into its operation.

Police blame Coloured gangs as muggings soar

RECENT POLICE FIGURES show that cases of mugging by coloured gangs are STILL on the increase. In September, *NF News* reported Scotland Yard's announcement of a 42 per cent rise in muggings for the period January-April 1976 compared with the same period the previous year.

Latest police reports from the Peckham area show that the monthly average of these crimes has now MORE THAN DOUBLED. From January to September there were 339 cases of mugging in Peckham. Of these, 285 of the attackers were described as Coloured, and only 25 White. According to local police, the occurrence of such crimes in Peckham has increased since June from 25 to more than 50 a month.

Said Det. Chief Inspector Joe Bell: "We can't escape the fact that these attacks are carried out almost exclusively by Coloured youngsters mostly between the ages of 12 and 17. They appear to hunt in gangs of two or three . . . The vast majority of the victims are White."

"Most of the victims," he said, "are elderly women, often on the way home from bingo or the cinema."

"BLACK POWER RESPONSIBLE"

As a gang of teenage muggers who terrorised elderly people in the streets of Clapham were sentenced at the Old Bailey soon after the Peckham police report, top crime-buster "Nipper" Reed of the Yard stated:

"I think the international Black Power movement, with its hallmarks of Afro hairstyles and woolly hats, plays a part". Mr. Reed called on the Government to set up a national inquiry into "the frightening wave of crime that is about to engulf our cities".

Mr. Reed poured scorn on the idea that social conditions and bad housing were to blame for Black violence.

"They've pulled down the slums and built new housing estates. Yet the problem is worse than ever," he said.

Shock figures revealing a huge rise in mugging were also revealed

by police in Newham recently. These again showed that the number of crimes had more than doubled. 104 cases were reported in the Forest Gate area for the period January to September 1976, as against 52 cases in the same period the previous year.

A police spokesman told the *Newham Recorder*:

"75 per cent of the attacks were made by West Indians and 23 per cent by Whites". The spokesman said that the number of attacks by Whites had decreased. "Sixty per cent of the victims were Whites".

MUGGED FOR 10p

Spinster Gladys Pleydell, pictured below, told the *Newham Recorder* that she was moving out of the area after being mugged for her handbag — containing only 10p. She had had enough of the wave of Black crime in the district where she had lived for years.

Since the release of such statistics as these by local police authorities, they have been forbidden to do so again. As a result, police officers claim that official crime figures are distorted by pro-multiracialist politicians and fail to show a sharp rise in Black crime.

Said one South London Detective Inspector:

"Sir Robert Mark issued instructions that only Scotland Yard should

issue crime figures.

"We work hard to apprehend these criminals and feed the statistics to Scotland Yard, and by the time they have been vetted by the Home Office the picture is distorted".

INSTANT HOME FOR ASIAN IMMIGRANT

TREASONABLE Council officials in Hillingdon instantly arranged for a penniless Asian family to be given a new home nine days after they arrived at Heathrow airport.

Mr. Shambhubhai Patel, his wife and two children camped out at Heathrow fully expecting the British authorities to provide them with accommodation and employment.

Welfare officials despatched them to an address in Norbury, South London, which was named on their passports. This was the address the Patels had given to British officials in Zambia to prove they had somewhere to go in Britain after they arrived.

TAUGHT TO EXPLOIT SYSTEM

But their Asian relations quickly sent them back to Heathrow, knowing that if they camped there long enough new accommodation would be found.

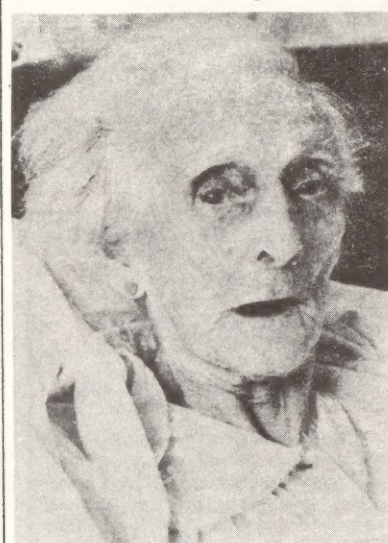

And sure enough, Hillingdon Council took them in on "humanitarian grounds" and made arrangements for them to be given a home in a Midlands new town! Obviously fearing the reaction from homeless British people, the Council kept the name of the 'host' town secret.

Mr. Terry Dicks, a Hillingdon councillor, commented: "The fact that this family has come here with just £60 between four people suggests that they must have been given advice on how to exploit the British system."

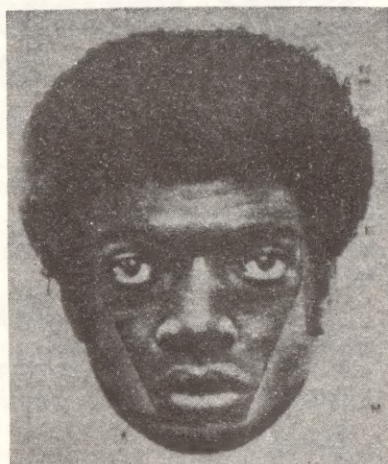

GRANNIE, 80, KILLED BY BLACK MUGGER

BATTLING 92 year-old Annie Harris of Bethnal Green (pictured below) was luckier than some. She survived what police described as a "callous and brutal robbery" by young Blacks who ransacked her flat. It was the sixth time she had been robbed this year.

80 year-old Alice Dunkley of Stratford, East London was not so fortunate. A handbag snatch by

T.B. AMONG ASIANS STILL ON INCREASE

CASES OF TB among Asian immigrants are still on the increase, despite claims made some years ago that the rate would fall.

When it was discovered in 1972 that incidence of the disease among Asians in Blackburn was so high that a bed shortage was being created in hospitals, a crash programme by health and social services authorities was promised which would cut down the susceptibility of immigrants to tuberculosis.

It hasn't worked — because the root cause of the problem lay elsewhere. Immigrants are flooding into Britain in such numbers that health checks are impossible. Only Heathrow has proper X-ray equipment and the numbers entering Britain there are so great that as many as 8,000 immigrants can still escape health checks every year.

By 1974, specialists were calling for bans on immigration on the grounds of TB alone. *The General Practitioner* reported that health checks at Heathrow and Gatwick were still not compulsory. The journal revealed that for every new case among Britons, there are 27 among Indians, 54 among Pakistanis and 10 among Africans.

"ASIANS ARE CARRIERS"

By 1975, cases of TB in the London Borough of Brent still showed a sharp and 'disturbing' increase in a report by the district community physician. At that time, local Brent councillors were still calling for "stricter health controls at ports of entry into Britain to halt the spread of the disease."

Latest reports from the London Borough of Croydon this year show that the trend is still UP. If the same trend continued to the end of the year, a total of 120 cases in Croydon in 1976 would compare with 89 the previous year.

Of the 49 people in the borough who had TB in the first five months of the year, only 18 were white. 26 were Asian, Moroccan and African.

Croydon's area medical officer, Dr. Stuart Horner, stated: "It appears that the increase in Croydon is mainly in the Asian population, particularly the Asian immigrants from Uganda."

Schizoid rapist had 'passion for White women'

A TRAINEE social worker was forced to visit an African, known to be a paranoid schizophrenic, despite begging her pro-multiracialist bosses not to send her.

As soon as she called at his bed-sitter, the man, Andrew Budu, a "law student" aged 40 from Ghana, attacked her and subjected her to a terrifying ordeal which lasted two hours and included rape.

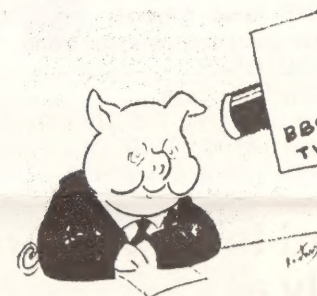

An Old Bailey trial was told that the social worker, a woman in her 30's, pleaded with her superiors not to be sent on the visit after she had read his case history at the social service department of Hackney Council.

As soon as Budu answered the door to the woman he began to giggle. He then dragged her into his room where he bit and scratched her. He ordered her to strip and said he was going to rape her. She was then flung on the bed and subjected to a 'brutal assault' lasting two hours.

She later escaped by asking to go to the lavatory because she felt sick, and running out of the back of the house.

Budu told detectives that he had "a passion for young white women" and said that the woman had leapt on him "and asked me to rape her." The Negro was sent to Broadmoor for an indefinite period.

NEWSPIG

And now for our totally unbiased report on today's National Front demonstration . . .

Frantic Tories grovel for Immigrant vote

Bradford Young Conservatives acclaim Mrs. Thatcher after successful visit to rally of Asian small shopkeepers

THE CONSERVATIVE party, desperate to attract the immigrant vote away from Labour before the next General Election, has launched a major campaign to win Black support.

Rather than put forward policies on immigration to appeal to the long-suffering white British majority, the hopelessly decadent Tory party prefers to tout for Immigrant votes.

The campaign began earlier this year when an Anglo-Asian Conservative Society was formed to win Asian support, and Mrs. Thatcher flounced about before press photographers in a blue sari.

Now an Anglo-West Indian Society has been set up in the London borough of Haringey, which has some 15,000 blacks. Secretary of the Society is Mr. Basil Lewis, a black delegate to the Tory conference this year and a Tory Councillor in Haringey.

The latest move is a fund-raising campaign, launched recently by Edward Heath in a speech to a group of 300 businessmen, including West Indians, at the office of wealthy Jamaican plumbing tycoon Stewart Weathers in Clapham. Mr.

Weathers, vice-president of the Lambeth Conservative Association, lives in a £100,000 house in Surrey and drives a Rolls Royce — which makes him a good Tory.

Although the new emphasis is on winning West Indian money and West Indian votes, the Tories have not forgotten the Asians. To ingratiate themselves even more, the Tories have used their first Asian on a party political broadcast — Mr. Naranjaw Deva-Aditya of Hendon, previously of Ceylon.

Mr. Deva-Aditya, a member of the Conservative left-wing Bow Group, is being adopted by the Tories as a prospective Parliamentary candidate.

The National Front is quite happy for the Tories to enter into this sordid squabble with the Labour party for the immigrant vote. We will simply collect even more of the white British vote, which is the only support we are interested in.

'SUB-HUMAN' ATTACK ON YOUNG CONSTABLE

POLICE in Sevenoaks, Kent, are still looking for a vicious Black criminal responsible for a horrific attack on a young policeman, 22 year old Pc Adrian Hipkins.

The photofit picture of the man (below) was issued shortly after the attack.

Pc Hipkins was found unconscious and lying in a pool of blood beside his police panda car. He had disturbed some suspicious activity near a building site when the man ran towards him from a workman's hut and beat him viciously about the head with an iron tyre lever.

PERMANENT EYE DAMAGE

The attack was so savage that Pc Hipkins was still unconscious when he was taken to Orpington Hospital, and only recovered full consciousness the following day. For a time it was feared that he would lapse into a coma.

He is still suffering from blurred vision in the right eye. He has been told by doctors that he may now have to wear glasses as a result of permanent damage to his sight, and that he will suffer severe headaches for many months. Pc Hipkins was lucky to avoid brain damage.

Police officers described the attack as a "sub-human and frenzied attack". The attacker used a "savage" degree of calculated violence.

N.F. POISED TO ECLIPSE LIBERALS AS THIRD PARTY

FOR the first time a National Front Parliamentary by-election candidate has been able to beat a candidate of the Liberal Party — one of the oldest parties in existence and supposedly Britain's "Third Party".

The Liberal humiliation came in October at the by-election for Walsall North, West Midlands, when the National Front candidate, Charles Parker, won 2,724 votes (7.6 per cent) against a Liberal Party vote of only 1,212.

The NF result was particularly good as this was a nine-cornered contest. Mr. Parker had to compete with two other candidates who stood on an anti-immigration ticket — one of whom, the Independent had twice been (Labour) Mayor of Walsall.

Reports that Mrs. Marion Powell, an Executive of the National Party splinter group stood as an Independent are untrue. The official ballot description and her posted election address identified her as NP, and several NP Executives campaigned for her. She won 258 votes for her party.

The result obtained by Mr. Bruce Anderson-Lynes in the Newcastle Central by-election held on the same day was poor (181 votes) even for the smallest constituency in the country. But as not even an informal NF Group existed in Newcastle, and no proper NF Branch for miles around, the result was not a total shock.

More characteristic of the NF voting potential where the party has established organised units were results obtained in a sequence of local Council by-elections during October and November in which the NF beat Liberals (and NP splinter-groupers) time and again.

STECHFORD could provide the National Front with an even more heartening result than Walsall North. This is the opinion of the NF candidate, Andrew Brons.

Peterborough District (Bretton Ward)
Con. 758; Lab. 572; NF (Mr. P. Banks) 165 — 11%.

All these votes are very encouraging, especially when it is remembered that the NF vote would have been even higher in a number of instances but for the intervention of NP splinter group.

Particularly satisfactory was the vote at Greenwich, where the NP Marxist McCalden was trounced, and Lewisham — supposedly the NP's best area.

The result at Finchley — a stronghold of the Liberals and Zionists — was fantastic . . . especially since the three local papers sustained a barrage of anti-NF hysteria.

Wandsworth Branch maintained its fine record of by-election results. The Race traitors are known to be terrified about the impact the NF is having on voters in this borough.

Peterborough Group's 11 per cent at their first election effort is extremely encouraging.

Perhaps the bravest candidate in this series of elections is Mrs. Kathleen Mott who stood in Angell Ward, Brixton, Lambeth — just where middle-aged and elderly White women are the Black muggers' favourite target.

These results show that where NF Branches exist, are well organised and work hard, the National Front can secure a substantial chunk of the vote and eclipse the Liberal Party.

an effective campaign organisation.
DETAILS OF A BIG ANTI-IMMIGRATION MARCH SET FOR THE END OF JANUARY WILL BE INCLUDED IN THE NEXT NF MEMBERS' BULLETIN.

Hitler is alive and well and living in Lambeth.

Big swing to our 'Mrs. Hitler' in Brixton election

AS with the 'Devil' poster featured in the last *NF News*, Left Wing extremists have found that their smear artwork has backfired on them.

By depicting inoffensive housewife Mrs. Kathleen Mott, the NF's candidate for the Lambeth Borough by-election for Angell Ward, Brixton, as a Hitler-type figure the Reds thought they would scare off potential NF voters.

Mrs. Mott had the last laugh on Polling Day, 18th November, when she won 224 votes — 13.6 per cent — in a seven-cornered fight. Three ultra-Left candidates won a combined total of only 79 votes!

Back to the drawing board, Commie clever-dicks!

Please help Ron Davison's family

RON DAVISON'S appeal against conviction and sentence imposed at Warwick Crown Court for a ludicrous "malicious wounding" charge was rejected on 15th November.

Ron, a fifty-one year old father of four with no previous record must serve six months in jail.

The charge arose out of an affray which took place last March outside the NF Committee Rooms in Coventry shortly before the Coventry by-election.

The NF Candidate, Andrew Fountaine and the NF Chairman, John Tyndall, were attacked by 100 Red thugs. Ron went to their assistance and was alleged to have injured a man who later turned out to be a Police-man posing as a Red thug!

We must protect Ron's family as devotedly as he protected the NF leadership.

N.F. STAGES BIGGEST EVER REMEMBRANCE DAY MARCH

Huge NF march made Leftists gasp

A POLICE Inspector estimated the crowd at "about 5,000". Lady Birdwood, anxious to encourage, enthused: "at least 8,000", while B.B.C. Radio, anxious to minimise, reported: "over 3,000".

Estimates of the National Front's annual Remembrance Day march on 14th November are numerous. All agree, however, that it was at least as big as the previous record turnout of 1974 — and certainly bigger than 1975.

The surprised gasps from pressmen and I.S. demonstrators as the huge column four and five wide, lined Whitehall from Parliament Square to the Horseguards and back to Parliament Square, were a treat to hear.

Wreaths were laid by Wing Commander Peter Lewis-Witham, Squadron Leader John Harrison-Broadley, D.F.C., and Mr. Fred Tanner. A moving Christian service was conducted by the Rev. Brian Green.

After the service and a march down The Strand (during which the NF's magnificent new 'national' banner was inaugurated) an open-air rally was held by Temple Station — there being no hall large enough to accommodate the great NF crowd available.

On the platform with the wreath-layers were John Tyndall, NF Chairman and Commander Andrew Fountaine, NF Deputy-Chairman.

Exactly 297 people joined the National Party parade. Outnumbered by spectators in Whitehall who awaited the NF parade, the NP remnant were easily accommodated in the Whitehall Theatre, which specialises in staging vulgar farces.

Race Board to prosecute Andrew Brons

ANDREW BRONS, NF candidate in the forthcoming by-election at Stechford, Birmingham, is to be prosecuted by the Leeds Race Relations Board.

Mr. Brons, NF Yorkshire Regional Agent, and Leeds NF Branch Organiser Brian Spinks are to be prosecuted by the Race Board for allegedly refusing to allow a negro reporter from the *Horsforth News* to enter a National Front meeting at Horsforth, Leeds, last May.

Yorkshire N.U.J. Leftists have boasted that the negro went to the meeting to provoke a confrontation as did three Zionist activists who posed as "Press".

In protest against such provocative entrapment tactics by Race Board agents, Mr. Brons and Mr. Spinks refuse to acknowledge communications from the Race Board's sinister Zionist lawyer Geoffrey Bindman.

In a press statement Mr. Brons declared:

"We will treat with contempt any Court action against us and I will fight the Stechford by-election from a prison cell if necessary."

WHAT WE STAND FOR

- The return of leadership and statesmanship to British affairs.
- A government that will put British interests first.
- British withdrawal from the European Common Market.
- Closer links with the White Commonwealth.
- Protection of British industry by the exclusion of foreign manufactured goods from Britain.
- A sane financial system which will give to the people the purchasing power to buy the goods they produce.
- The revival of British farming.
- British ownership and control of British industry and resources.
- A clamp-down on social security spongers and the restoration of the incentive to work.
- An end to immigration and a start to repatriation.
- British support of the Whites in Rhodesia and South Africa.
- An end to financial aid to black dictatorships.
- The strengthening of Britain's defences.
- Tougher treatment of criminals.
- The banning of the IRA, the death penalty for terrorists and firm support of the Loyalist majority in Northern Ireland.
- The elimination of Communism in Britain, in the mass media, in the factory and in the schoolroom.
